Presents...

Hitting the Targets: Unpacking the Algebra Common Core

Objective: To develop a comprehensive list of student learning targets and illustrative examples related to the Algebra Common Core Standards.

Who: Grade 8 – 12 Teachers of Algebra

When: Friday, August 20, 4 – 7 P.M.

Where: Ralph Rush Professional Development Center
99 Center St.
Florence, KY 41042

Description: Participants will work in groups to develop learning targets (objectives) and examples related to the new Common Core Standards in Algebra. Anticipated is a document by which teachers of Algebra can structure their curriculum, helping their students meet the Algebra standards put forth in the newly released Common Core Standards in Mathematics.

Please join us!

Please RSVP to Dr. Mike Waters (watersm1@nku.edu) by Wednesday, August 18 if planning to attend.
