

KCM Pre-Conference Day—March 7, 2012, 8:30 to 3:30 ET

**Using Math Recovery and Add+Vantage MR for a
Multi-Tier System of Support**

Please join our KCM Community for this dynamic workshop, to be presented by Dawn Dibley, Math Recovery Leader and special education expert from Minnesota.

Participants will:

- Refine their abilities to use AVMR pedagogical tools for multi-dimensional documentation and advancement of students' number knowledge
- Learn the basics of writing measurable objectives and collecting data
- Become familiar with the evidence-based recommendations contained within the Institute for Educational Services Practice Guide, Assisting Struggling Students with Mathematics: Response to Intervention for Elementary and Middle Schools
- Connect Add+Vantage MR teaching with the Common Core State Standards Operational Situations (related to Cognitively Guided Instruction—CGI problem types)
- Practice adapting activities to meet the special needs of various students
- Enjoy a social-hour with KCM buddies!

Target audience: Teachers who have been trained in Math Recovery and/or AVMR

Location: Magnolia Room, Lexington Hilton/Downtown, 369 West Vine Street

Time: March 7, 2012, 8:30 a.m. to 3:30 p.m. ET, *followed by a social hour until 4:30*

Cost: Free to 1 attendee from each KCM Community member school (see [MIT Community Membership](#)); \$150 per person for the second person or for those from non-member schools

Bring: A laptop and documents to be printed from an email, which you will receive by February 21

Contact: Alice Gabbard, Kentucky Center for Mathematics (gabbardal@nku.edu)
