

Add+Vantage MR Course 2 Refresher for Mathematics Intervention Teachers

An optional opportunity for experienced MITs to:

- Reconnect with the MIT Community
- Review Add+Vantage MR models, frameworks, assessments, and guiding principles, focused on multiplication and division and place value
- Access new intervention resources, including the KNP Intervention Guide
- Grow in abilities for student-centered, differentiated lesson planning
- Become more fully immersed in a professional cohort for strengthened relationships and ongoing support throughout the school year
- Fulfill one of the five required MIT meeting days for 2011/2012
