

# To Teach

# To Learn

## Rural Studies

### Service Area Preservice Teacher Placement

- Strategic placement of preservice teachers in a rural educational setting for practicum and student teaching placements
- Students conduct action research by analyzing videos of their mathematics KTIP lesson plans
- Students and their mathematics methods professor present the research at National Conference

## EKU/KCM/MIT Partnership

- Professional development for both preservice and inservice teachers

## New Program for Elementary Education

### All Elementary Education Majors Complete:

- Math 107: College Algebra for Teachers
- Math 201: Mathematics Concepts I
- Math 202: Mathematics Concepts II
- MAE 301: Math Education for Elementary Teachers
- ELE 491: Mathematics Methods for K-5

## Professional Education Fellows Program

- Provide teaching, service, and research support for cooperating teachers in Madison and Jackson Counties
- Providing teaching resources for math education in partnering schools

## Diversity
