TERRA NOVA TESTING GUIDELINES
For Round 2 & Round 3 MAF Schools

**STEP 1:** Determine how many intervention students you plan to serve and the configuration of this service (i.e. individually, student groups).

**STEP 2:** According to your grant proposal (e.g. Terra Nova, GMADE, etc.) and additional measures (e.g. Number Knowledge Test, MR Screening Instrument), identify a **final pool** of potential intervention students that matches your selected testing plan.

**STEP 3:** Select a Terra Nova testing plan from the options listed that best conforms to your school.

**STEP 4:** Complete the Terra Nova Testing Plan (page 2 of this document) as accurately as possible and submit to KCM so that we may ship your Terra Nova tests.

**STEP 5:** For Plan B report your pool of struggling student ID numbers to the KCM and await random assignment.

---

**PLAN A**
**OFF-SITE CONTROL**

- Control students will be identified at another school either in or out of your district.
- Same number of control students as intervention students.

**EXAMPLE**
1-1 Intervention

**EXAMPLE**
Intervention Groups

---

**PLAN B**
**ON-SITE CONTROL**

- Intervention participants will be assigned **randomly** from a pool of candidates at your school.
- Candidates not **randomly** assigned for intervention will serve as the control group*

*Students may be reassigned, at the discretion of the MIT, from control to intervention to fill vacated intervention positions.

**EXAMPLE**
1/2 Year 1-1 Intervention Instruction
For each student you are able to immediately serve, include *5 additional students* in your intervention pool.

**EXAMPLE**
Year-Long Intervention Groups
For each intervention group you are able to serve, include an *additional, equal number* of students in your intervention pool.

**EXAMPLE**
1/2 Year Intervention Groups
For each intervention group you are able to serve, include an *additional 2 times* as many students in your intervention pool.

MITs may move students into intervention (from pool) as space becomes available and report changes on the Dates of Record (DOR).
